

Your School, Your Space

How was space used?

Resources

- PowerPoint "What were Victorian Schools Like"
 - Seighford Plan
 - Burton upon Trent Plan
 - Fazeley Plan
 - Fenton Picture

Ask the children to look closely at the above plans and list all the main features they can see.

Ask them to make comparisons between how spaces in a Victorian school were used and how the spaces in their own school are used. Their observations and ideas can be recorded and illustrated in a table.
