

Your School, Your Space

What Was It Like For Learners In Our School In The Past?

- Oral histories with past teachers and pupils
- History walks with past teachers and pupils
- Where possible looking at and editing the school log book.
- Working with the library or local newspaper for accounts and evidence of school events.

Firstly ask children to generate questions they would like to find answers to, or decide on particular areas they would like to research. Ask them to consider ways they may do this.
